About Radiance Workshops

Tina's passion is bringing out the best in other people.

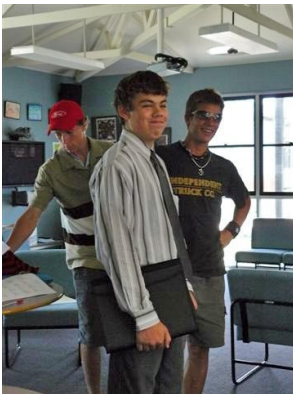

With over 8 years recent and current experience in Human Resources Tina Nikolovski is well positioned to share career and related information with students. She has held Human Resources roles in the following sectors:

- Automotive (Global company)
- Aluminum/Metals (Global company)
- Fashion (National company)
- Recruitment Consulting
- State Government and
- Local Government

Tina holds a Bachelor of Business (Human Resources and Marketing) from Swinburne University of Technology, Melbourne. Tina is also a qualified Makeup Artist.

What does Radiance stand for?

We believe that everyone has the right and ability to 'shine with confidence.' Our aim is to make a positive impact on students by sharing personal stories that students can relate to and learn from. We also aim to develop their skills, attitude and confidence in their individual abilities.

Student shows off his work outfit!

Radiance offers a number of unique sessions

- **Personal Presentation for the Workplace.** Provides guidance on workplace presentation standards and expectations. Topics covered include appropriate workplace hair, makeup, clothing, nails and personal hygiene.
- **GO Get that Job!** Interview planning information, interview skills and follow-up. Main focus is how to impress during the whole recruitment process by discussing how students can overcome some of the common mistakes made.
- **Work Outfit on a Budget.** How to get that professional look on a budget. Excursion aimed at assisting students with putting together a work outfit on a minimal budget. Look professional without spending lots of money!
- **Ready, Set, Success!** What do employers want in their employees? Information regarding the Employability Skills and how students commencing work can impress via interaction with their manager, work colleagues and also customers.
- **FREE Motivational Talk.** Aims to inspire. Tina shares her experiences, the lessons learnt at school and work and the personal and career obstacles she had to overcome to reach success. Major points of discussion include motivation, confidence and self-esteem.

Testimonials

"Tina was invited to conduct a program with 20 Alcoa Future Leaders of Industry, Scholarships in Manufacturing students. Tina's workshops were well accepted and had full student participation. There were clear messages and positive reinforcement throughout the program, and the students had nothing but praise for the workshops at the end of the day" GRVEC (LCP) and Alcoa World Alumina

"Tina assisted the Year 10 students in their preparation for Work Experience via a series of 'hands on' workshops that really engaged and motivated our students. Feedback from parents via work experience report forms was very good and there were very few complaints from employers about appearance. Students felt that the Radiance session helped them to focus on what to wear and what was appropriate for the workplace" SacredHeart College, Geelong
